SECTION II: - INFORMATION TO CONSULTANTS (ITC)

3.0 2.1 Introduction

2.1.1 The Client named the Appendix to “ITC” will select a firm among those invited to submit a proposal, in accordance with the method of selection detailed in the appendix. The method of selection shall be as indicated by the procuring entity in the Appendix.

2.1.2 The consultants are invited to submit a Technical Proposal and a Financial Proposal, or a Technical Proposal only, as specified in the Appendix “ITC” for consulting services required for the assignment named in the said Appendix. A Technical Proposal only may be submitted in assignments where the Client intends to apply standard conditions of engagement and scales of fees for professional services which are regulated as is the case with Building and Civil Engineering Consulting services. In such a case the highest ranked firm of the technical proposal shall be invited to negotiate a contract on the basis of scale fees. The proposal will be the basis for Contract negotiations and ultimately for a signed Contract with the selected firm.

2.1.3 The consultants must familiarize themselves with local conditions and take them into account in preparing their proposals. To obtain first hand information on the assignment and on the local conditions, consultants are encouraged to liaise with the Client regarding any information that they may require before submitting a proposal and to attend a pre-proposal conference where applicable. Consultants should contact the officials named in the Appendix “ITC” to arrange for any visit or to obtain additional information on the pre-proposal conference. Consultants should ensure that these officials are advised of the visit in adequate time to allow them to make appropriate arrangements.

2.1.4 The Procuring entity will provide the inputs specified in the Appendix “ITC”, assist the firm in obtaining licenses and permits needed to carry out the services and make available relevant project data and reports.

2.1.5 Please note that (i) the costs of preparing the proposal and of negotiating the Contract, including any visit to the Client are not reimbursable as a direct cost of the assignment; and (ii) the Client is not bound to accept any of the proposals submitted.

2.1.6 The procuring entity’s employees, committee members, board members and their relative (spouse and children) are not eligible to participate.

2.1.7 The price to be changed for the tender document shall not exceed Kshs.5,000/=.

2.1.8 The procuring entity shall allow the tenderer to review the tender document free of charge before purchase.

2.2 Clarification and Amendment of RFP Documents

2.2.1 Consultants may request a clarification of any of the RFP documents only up to seven [7] days before the proposal submission date. Any request for clarification must be sent in writing by paper mail, cable, telex, facsimile or electronic mail to the Client’s address.
indicated in the Appendix “ITC”. The Client will respond by cable, telex, facsimile or electronic mail to such requests and will send written copies of the response (including an explanation of the query but without identifying the source of inquiry) to all invited consultants who intend to submit proposals.

2.2.2 At any time before the submission of proposals, the Client may for any reason, whether at his own initiative or in response to a clarification requested by an invited firm, amend the RFP. Any amendment shall be issued in writing through addenda. Addenda shall be sent by mail, cable, telex or facsimile to all invited consultants and will be binding on them. The Client may at his discretion extend the deadline for the submission of proposals.

2.3 Preparation of Technical Proposal

2.3.1 The Consultants proposal shall be written in English language

2.3.2 In preparing the Technical Proposal, consultants are expected to examine the documents constituting this RFP in detail. Material deficiencies in providing the information requested may result in rejection of a proposal.

2.3.3 While preparing the Technical Proposal, consultants must give particular attention to the following:

(i) If a firm considers that it does not have all the expertise for the assignment, it may obtain a full range of expertise by associating with individual consultant(s) and/or other firms or entities in a joint venture or sub-consultancy as appropriate. Consultants shall not associate with the other consultants invited for this assignment. Any firms associating in contravention of this requirement shall automatically be disqualified.

(ii) For assignments on a staff-time basis, the estimated number of professional staff-time is given in the Appendix. The proposal shall however be based on the number of professional staff-time estimated by the firm.

(iii) It is desirable that the majority of the key professional staff proposed be permanent employees of the firm or have an extended and stable working relationship with it.

(iv) Proposed professional staff must as a minimum, have the experience indicated in Appendix, preferably working under conditions similar to those prevailing in Kenya.

(v) Alternative professional staff shall not be proposed and only one Curriculum Vitae (CV) may be submitted for each position.

2.3.4 The Technical Proposal shall provide the following information using the attached Standard Forms;

(i) A brief description of the firm’s organization and an outline of recent experience on assignments of a similar nature. For each assignment the outline should indicate
inter alia, the profiles of the staff proposed, duration of the assignment, contract amount and firm’s involvement.

(ii) Any comments or suggestions on the Terms of Reference, a list of services and facilities to be provided by the Client.

(iii) A description of the methodology and work plan for performing the assignment.

(iv) The list of the proposed staff team by specialty, the tasks that would be assigned to each staff team member and their timing.

(v) CVs recently signed by the proposed professional staff and the authorized representative submitting the proposal. Key information should include number of years working for the firm/entity and degree of responsibility held in various assignments during the last ten (10) years.

(vi) Estimates of the total staff input (professional and support staff staff-time) needed to carry out the assignment supported by bar chart diagrams showing the time proposed for each professional staff team member.

(vii) A detailed description of the proposed methodology, staffing and monitoring of training, if Appendix “A” specifies training as a major component of the assignment.

(viii) Any additional information requested in Appendix “A”.

2.3.5 The Technical Proposal shall not include any financial information.

2.4 Preparation of Financial Proposal

2.4.1 In preparing the Financial Proposal, consultants are expected to take into account the requirements and conditions outlined in the RFP documents. The Financial Proposal should follow Standard Forms (Section D). It lists all costs associated with the assignment including: (a) remuneration for staff (in the field and at headquarters), and; (b) reimbursable expenses such as subsistence (per diem, housing), transportation (international and local, for mobilization and demobilization), services and equipment (vehicles, office equipment, furniture, and supplies), office rent, insurance, printing of documents, surveys, and training, if it is a major component of the assignment. If appropriate these costs should be broken down by activity.

2.4.2 The Financial Proposal should clearly identify as a separate amount, the local taxes, duties, fees, levies and other charges imposed under the law on the consultants, the sub-consultants and their personnel, unless Appendix “A” specifies otherwise.

2.4.3 Consultants shall express the price of their services in Kenya Shillings.

2.4.4 Commissions and gratuities, if any, paid or to be paid by consultants and related to the assignment will be listed in the Financial Proposal submission Form.
2.4.5 The Proposal must remain valid for 60 days after the submission date. During this period, the consultant is expected to keep available, at his own cost, the professional staff proposed for the assignment. The Client will make his best effort to complete negotiations within this period. If the Client wishes to extend the validity period of the proposals, the consultants shall agree to the extension.

2.5 Submission, Receipt, and Opening of Proposals

2.5.1 The original proposal (Technical Proposal and, if required, Financial Proposal; see para. 1.2) shall be prepared in indelible ink. It shall contain no interlineation or overwriting, except as necessary to correct errors made by the firm itself. Any such corrections must be initialed by the persons or person authorised to sign the proposals.

2.5.2 For each proposal, the consultants shall prepare the number of copies indicated in Appendix “A”. Each Technical Proposal and Financial Proposal shall be marked "ORIGINAL" or "COPY" as appropriate. If there are any discrepancies between the original and the copies of the proposal, the original shall govern.

2.5.3 The original and all copies of the Technical Proposal shall be placed in a sealed envelope clearly marked “TECHNICAL PROPOSAL,” and the original and all copies of the Financial Proposal in a sealed envelope clearly marked “FINANCIAL PROPOSAL” and warning: “DO NOT OPEN WITH THE TECHNICAL PROPOSAL”. Both envelopes shall be placed into an outer envelope and sealed. This outer envelope shall bear the submission address and other information indicated in the Appendix “ITC” and be clearly marked, “DO NOT OPEN, EXCEPT IN PRESENCE OF THE OPENING COMMITTEE.”

2.5.4 The completed Technical and Financial Proposals must be delivered at the submission address on or before the time and date stated in the Appendix “ITC”. Any proposal received after the closing time for submission of proposals shall be returned to the respective consultant unopened.

2.5.5 After the deadline for submission of proposals, the Technical Proposal shall be opened immediately by the opening committee. The Financial Proposal shall remain sealed and deposited with a responsible officer of the client department up to the time for public opening of financial proposals.

2.6 Proposal Evaluation General

2.6.1 From the time the bids are opened to the time the Contract is awarded, if any consultant wishes to contact the Client on any matter related to his proposal, he should do so in writing at the address indicated in the Appendix “ITC”. Any effort by the firm to influence the Client in the proposal evaluation, proposal comparison or Contract award decisions may result in the rejection of the consultant’s proposal.

2.6.2 Evaluators of Technical Proposals shall have no access to the Financial Proposals until the technical evaluation is concluded.
2.7 Evaluation of Technical Proposal

2.7.1 The evaluation committee appointed by the Client shall evaluate the proposals on the basis of their responsiveness to the Terms of Reference, applying the evaluation criteria as follows:

<table>
<thead>
<tr>
<th>Points</th>
<th>Criteria</th>
</tr>
</thead>
<tbody>
<tr>
<td>(i) 5-10</td>
<td>Specific experience of the consultant related to the assignment</td>
</tr>
<tr>
<td>(ii) 20-40</td>
<td>Adequacy of the proposed work plan and methodology in responding to the terms of reference</td>
</tr>
<tr>
<td>(iii) 30-40</td>
<td>Qualifications and competence of the key staff for the assignment</td>
</tr>
<tr>
<td>(iv) 0-10</td>
<td>Suitability to the transfer of Technology Programme (Training)</td>
</tr>
</tbody>
</table>

**Total Points: 100**

Each responsive proposal will be given a technical score (St). A proposal shall be rejected at this stage if it does not respond to important aspects of the Terms of Reference or if it fails to achieve the minimum technical score indicated in the Appendix “ITC”.

2.8 Public Opening and Evaluation of Financial Proposal

2.8.1 After Technical Proposal evaluation, the Client shall notify those consultants whose proposals did not meet the minimum qualifying mark or were considered Non-responsive to the RFP and Terms of Reference, indicating that their Financial Proposals will be returned after completing the selection process. The Client shall simultaneously notify the consultants who have secured the minimum qualifying mark, indicating the date and time set for opening the Financial Proposals and stating that the opening ceremony is open to those consultants who choose to attend. The opening date shall not be sooner than seven (7) days after the notification date. The notification may be sent by registered letter, cable, telex, facsimile or electronic mail.

2.8.2 The Financial Proposals shall be opened publicly in the presence of the consultants’ representatives who choose to attend. The name of the consultant, the technical scores and the proposed prices shall be read aloud and recorded when the Financial Proposals are opened. The Client shall prepare minutes of the public opening.

2.8.3 The evaluation committee will determine whether the financial proposals are complete (i.e. Whether the consultant has costed all the items of the corresponding Technical Proposal and correct any computational errors. The cost of any unpriced items shall be assumed to be included in other costs in the proposal. In all cases, the total price of the Financial Proposal as submitted shall prevail.
2.8.4 While comparing proposal prices between local and foreign firms participating in a selection process in financial evaluation of Proposals, firms incorporated in Kenya where indigenous Kenyans own 51% or more of the share capital shall be allowed a 10% preferential bias in proposal prices. However, there shall be no such preference in the technical evaluation of the tenders. Proof of local incorporation and citizenship shall be required before the provisions of this sub-clause are applied. Details of such proof shall be attached by the Consultant in the financial proposal.

2.8.5 The formulae for determining the Financial Score ($S_f$) shall, unless an alternative formulae is indicated in the Appendix “ITC”, be as follows:

$$S_f = 100 \times \frac{F_m}{F}$$

where $S_f$ is the financial score; $F_m$ is the lowest priced financial proposal and $F$ is the price of the proposal under consideration. Proposals will be ranked according to their combined technical ($S_t$) and financial ($S_f$) scores using the weights ($T =$ the weight given to the Technical Proposal; $P =$ the weight given to the Financial Proposal; $T + P = 1$) indicated in the Appendix. The combined technical and financial score, $S$, is calculated as follows:

$$S = S_t \times T \% + S_f \times P \%.$$ The firm achieving the highest combined technical and financial score will be invited for negotiations.

2.8.6 The tender evaluation committee shall evaluate the tender within 30 days of from the date of opening the tender.

2.8.7 Contract price variations shall not be allowed for contracts not exceeding one year (12 months).

2.8.8 Where contract price variation is allowed, the variation shall not exceed 10% of the original contract price.

2.8.9 Price variation requests shall be processed by the procuring entity within 30 days of receiving the request.

2.9 Negotiations

2.9.1 Negotiations will be held at the same address as “address to send information to the Client” indicated in the Appendix “ITC”. The aim is to reach agreement on all points and sign a contract.

2.9.2 Negotiations will include a discussion of the Technical Proposal, the proposed methodology (work plan), staffing and any suggestions made by the firm to improve the Terms of Reference. The Client and firm will then work out final Terms of Reference, staffing and bar charts indicating activities, staff periods in the field and in the head office, staff months, logistics and reporting. The agreed work plan and final Terms of Reference will then be incorporated in the “Description of Services” and form part of the Contract. Special attention will be paid to getting the most the firm can offer within the available budget and to clearly defining the inputs required from the Client to ensure satisfactory implementation of the assignment.

2.9.3 Unless there are exceptional reasons, the financial negotiations will not involve the remuneration rates for staff (no breakdown of fees).

2.9.4 Having selected the firm on the basis of, among other things, an evaluation of proposed key professional staff, the Client expects to negotiate a contract on the basis of the experts
named in the proposal. Before contract negotiations, the Client will require assurances that the experts will be actually available. The Client will not consider substitutions during contract negotiations unless both parties agree that undue delay in the selection process makes such substitution unavoidable or that such changes are critical to meet the objectives of the assignment. If this is not the case and if it is established that key staff were offered in the proposal without confirming their availability, the firm may be disqualified.

2.9.5 The negotiations will conclude with a review of the draft form of the Contract. To complete negotiations the Client and the selected firm will initial the agreed Contract. If negotiations fail, the Client will invite the firm whose proposal received the second highest score to negotiate a contract.

2.9.6 The procuring entity shall appoint a team for the purpose of the negotiations.

2.10 Award of Contract

2.10.1 The Contract will be awarded following negotiations. After negotiations are completed, the Client will promptly notify other consultants on the shortlist that they were unsuccessful and return the Financial Proposals of those consultants who did not pass the technical evaluation.

2.10.2 The selected firm is expected to commence the assignment on the date and at the location specified in Appendix “A”.

2.10.3 The parties to the contract shall have it signed within 30 days from the date of notification of contract award unless there is an administrative review request.

2.10.4 The procuring entity may at any time terminate procurement proceedings before contract award and shall not be liable to any person for the termination.

2.10.5 The procuring entity shall give prompt notice of the termination to the tenderers and on request give its reasons for termination within 14 days of receiving the request from any tenderer.

2.10.6 To qualify for contract awards, the tenderer shall have the following:
   (a) Necessary qualifications, capability experience, services, equipment and facilities to provide what is being procured.
   (b) Legal capacity to enter into a contract for procurement
   (c) Shall not be insolvent, in receivership, bankrupt or in the process of being wound up and is not the subject of legal proceedings relating to the foregoing.
   (d) Shall not be debarred from participating in public procurement.

2.11 Confidentiality

2.11.1 Information relating to evaluation of proposals and recommendations concerning awards shall not be disclosed to the consultants who submitted the proposals or to other persons not officially concerned with the process, until the winning firm has been notified that it has been awarded the Contract.

Consultancy Services – Climate Change Policy
2.12 Corrupt or fraudulent practices

2.12.1 The procuring entity requires that the consultants observe the highest standards of ethics during the selection and award of the consultancy contract and also during the performance of the assignment. The tenderer shall sign a declaration that he has not and will not be involved in corrupt or fraudulent practices.

2.12.2 The procuring entity will reject a proposal for award if it determines that the consultant recommended for award has engaged in corrupt or fraudulent practices in competing for the contract in question.

2.12.3 Further a consultant who is found to have indulged in corrupt or fraudulent practices risks being debarred from participating in public procurement in Kenya.

Appendix to information to consultants

The following information for procurement of consultancy services and selection of consultants shall complement or amend the provisions of the information to consultants, wherever there is a conflict between the provisions of the information and to consultants and the provisions of the appendix, the provisions of the appendix herein shall prevail over those of the information to consultants.

Consultancy Services – Climate Change Policy
A. **INTRODUCTION**

1.01 Meru County is located east of Mt. Kenya, with a total area of 6,936.2Km$^2$ out of which 972.3Km$^2$ is gazetted forest, 4954.4Km$^2$ arable land, while the non-arable land is 1981.8Km$^2$. The County is endowed with abundant natural resources and diverse ecosystems which includes large-scale tracts of forest. With its location far from the capital city and it being a rural county, there has been limited pressure on its biodiversity and biological resources and these have remained more or less intact. The current rate of deforestation remains one of the slowest rates in the country.

1.02 Despite being a net sink for greenhouse gas emissions, its geography and historical settlement development have made it one of the most vulnerable counties to climate change (CC). Within the last decade, Meru has experienced an increase of the mean annual temperature. On the other hand there is a notable decrease in average annual rainfall. Extreme weather events have resulted in droughts, extensive flooding and mud slides in some areas. Currently, the County is experiencing a severe drought, resulting in drying up of rivers and hunger crisis in some parts of the County which has necessitated distribution of relief food to those affected.

1.03 Climate change could create serious and high magnitude risks for all sectors, and will likely have a negative impact on the sustainability of economic development of Meru County unless action is taken to address these issues. This is because, Meru is primarily an agricultural county. Recent studies indicate that the agriculture sector will see a decrease in crop yields due to temperature increases, frequent flooding and salinisation of soils. Against this background, Meru County has started to take steps to combat the adverse effects of CC.

1.04 The Directorate of Climate Change (DCC) in the Department of Environment, Wildlife, Natural Resources & Climate Change, is mandated to lead in the development and implementation of policies and actions for climate change mainstreaming and coordinate efforts on climate change adaptation, mitigation and forest conservation across sectors and agencies at the County level.

1.06 One main area of weakness constraining the effective functioning of the DCC is the absence of an overarching policy to “pull” the various policies and strategies together as a cohesive whole for guiding climate mitigation and adaptation actions in the county. As such, it makes it difficult for Meru County to access support provided by development partners for CC. The capacity of the DCC to access and manage climate finance resources is also weak. Taking this situation into account, the County Government of Meru is seeking to strengthen the capacity of the DCC to better manage CC activities in Meru.
intervention will focus on developing a County Climate Change Policy, county specific climate change legislation and Action Plan.

B. OBJECTIVE OF THE ASSIGNMENT

2.01 The primary objective of this consultancy is to prepare Meru’s Climate Change Policy, county specific legislation and Action Plan based on, but not limited to, the review of previous national documents; interviews with policy-makers and inter-governmental consultations.

The consultancy will seek to achieve the following expected outcomes:

1. Policy directions, delivered through a concise policy document, which guides decision-makers in considering climate change in their respective practices, projects and budget allocations for sectors and overall development choices.

2. Analysis of the legal, normative, planning and strategic environment with a view to strongly supporting mainstreaming climate change in the development process.

The overall output will be a draft County Climate Change Policy, Bill and Action Plan, to be approved by the County Executive Committee.

C. SCOPE OF ASSIGNMENT

3.01 The scope of services is understood to cover all activities necessary to accomplish the objectives of the consultancy, whether or not a specific activity is cited in these terms of reference (TOR). A participatory and consultative approach is encouraged in the conduct of the services.

3.02 Under the supervision of the Chief Officer, Department of Environment, Wildlife, Natural Resources and Climate Change, the Consultant’s specific duties and responsibilities include:

(i) submit an Inception Report inclusive of a Work Implementation Schedule for approval by the Chief Officer;
(ii) Review and stocktake previous and current climate-related strategies, plans, reports and actions, including the relevant international documents;
(iii) Review existing national legal and regulatory frameworks to ensure the Policy is in accordance with the existing laws, and is aligned with overall development policy directions, and relevant sectoral policies;
(iv) Assess CC policies and action plans from other countries and note good replicable practices;
(v) Review existing and proposed projects and programmes relevant to CC (if any);
(x) Prepare Draft County CC Policy, Action Plan and Results Monitoring Framework;
(xi) Submission of finalised County CC Policy and Action Plan;
(xii) Presentation and participation at Public Launch;
(xiii) Prepare End of Consultancy Report.
D. OUTPUTS/DELIVERABLES

5.01 The Consultant will report to the Project Coordinator (PC), who will have overall responsibility for the management and implementation of the consultancy and facilitate the work of the Consultant.

5.02 The Consultant will deliver the following:
(a) an Inception Report – The report will be submitted to the PC within one week after the signing of the contract, and will include: consultant’s work schedule and methodology, including proposed resources. One hard copy of the report and one in the electronic format should be submitted to the PC for review and comments.

(b) Desk Review package – A Desk Review report will be presented within four weeks after the signing of the contract. The Report will include the findings of the Stocktake Report. One hard copy of the report and one in the electronic format should be submitted to the PC for review and comments.

(c) a Draft CC Policy – The document will be presented within twelve weeks after the signing of the contract, and will include: Draft County CC Policy and Action Plan inclusive of a Results Monitoring Framework. One hard copy of the report and one in the electronic format should be submitted to the PC for review and comments.

(d) a Final Draft CC Policy Package - The document, which incorporates the comments made by the PC/ DCC on the Draft Policy, will be presented within 20 weeks after the signing of the contract, and will include: Final Draft National CC Policy and Action Plan inclusive of a Results Monitoring Framework.

(e) A draft Meru County Climate Change Bill (if necessary);

(f) an end of Consultancy Report to include challenges encountered and recommendations. One hard copy of the report and one in the electronic format should be submitted to the PC for review and comments.

E. INPUTS / HUMAN RESOURCES REQUIREMENTS

4.01 The Consultant must have a university degree either in Law and experience in Public Administration, Law, Environmental or Natural Resource Management or Climate Change. The Consultant must be a member of the Law Society of Kenya in good standing.
