INTRODUCTION

1. This Standard Request for Proposals (SRFP) has been prepared for use by public entities in Kenya in the procurement of consultancy services and selection of consultants.

2. The SRFP includes Standard form of Contract for Large Assignments and small assignment which are for lump sum or time based payments.

3. A separate SRFP has been provided for selection of individual professional consultants.

4. The General Conditions of Contract should not be modified and instead the Special Conditions of Contract should be used to reflect the unique circumstances of the particular assignment. Similarly the information to consultants should only be clarified or amended through the Appendix to information to Consultants.

5. This SRFP document shall be used where a shortlist of consultancy firms already exist or has been obtained through a shortlist after an advertisement of Expression of Interest for Consultancy required.

SECTION II: - INFORMATION TO CONSULTANTS (ITC)

2.1 Introduction

2.1.1 The Client named the Appendix to “ITC” will select a firm among those invited to submit a proposal, in accordance with the method of selection detailed in the appendix. The method of selection shall be as indicated by the procuring entity in the Appendix.

2.1.2 The consultants are invited to submit a Technical Proposal and a Financial Proposal, as specified in the Appendix “ITC” for consulting services required for the assignment named in the said Appendix. A Technical Proposal only may be submitted in assignments where the Client intends to apply standard conditions of engagement and scales of fees for professional services which are regulated as is the case with Building and Civil Engineering Consulting services. In such a case the highest ranked firm of the technical proposal shall be invited to negotiate a contract on the basis of scale fees. The proposal will be the basis for Contract negotiations and ultimately for a signed Contract with the selected firm.

2.1.3 The consultants must familiarize themselves with local conditions and take them into account in preparing their proposals. To obtain first-hand information on the assignment and on the local conditions, consultants are encouraged to liaise with the Client regarding any information that they may require before submitting a proposal and to attend a pre-proposal conference where applicable. Consultants should contact the officials named in the Appendix “ITC” to arrange for any visit or to obtain additional information on the pre-proposal conference. Consultants should ensure that these officials are advised of the visit in adequate time to allow them to make appropriate arrangements.

2.1.4 The Procuring entity will provide the inputs specified in the Appendix “ITC”, assist the firm in obtaining licenses and permits needed to carry out the services and make available relevant project data and reports.

2.1.5 Please note that (i) the costs of preparing the proposal and of negotiating the Contract, including any visit to the Client are not reimbursable as a direct cost of the assignment; and (ii) the Client is not bound to accept any of the proposals submitted.

2.1.6 The procuring entity’s employees, committee members, board members and their relative (spouse and children) are not eligible to participate.

2.1.7 The price to be changed for the tender document shall not exceed Kshs. 1,000=.

2.1.8 The procuring entity shall allow the tenderer to review the tender document free of charge before purchase.
2.2 Clarification and Amendment of RFP Documents

2.1.9 Consultants may request a clarification of any of the RFP documents only up to seven [7] days before the proposal submission date. Any request for clarification must be sent in writing by paper mail, cable, telex, facsimile or electronic mail to the Client’s address indicated in the Appendix “ITC”. The Client will respond by cable, telex, facsimile or electronic mail to such requests and will send written copies of the response (including an explanation of the query but without identifying the source of inquiry) to all invited consultants who intend to submit proposals.

2.1.10 At any time before the submission of proposals, the Client may for any reason, whether at his own initiative or in response to a clarification requested by an invited firm, amend the RFP. Any amendment shall be issued in writing through addenda. Addenda shall be sent by mail, cable, telex or facsimile to all invited consultants and will be binding on them. The Client may at his discretion extend the deadline for the submission of proposals.

2.3 Preparation of Technical Proposal

2.3.1 The Consultants proposal shall be written in English language

2.3.2 In preparing the Technical Proposal, consultants are expected to examine the documents constituting this RFP in detail. Material deficiencies in providing the information requested may result in rejection of a proposal.

2.3.3 While preparing the Technical Proposal, consultants must give particular attention to the following:

(i) If a firm considers that it does not have all the expertise for the assignment, it may obtain a full range of expertise by associating with individual consultant(s) and/or other firms or entities in a joint venture or sub-consultancy as appropriate. Consultants shall not associate with the other consultants invited for this assignment. Any firms associating in contravention of this requirement shall automatically be disqualified.

(ii) For assignments on a staff-time basis, the estimated number of professional staff-time is given in the Appendix. The proposal shall however be based on the number of professional staff-time estimated by the firm.

(iii) It is desirable that the majority of the key professional staff proposed be permanent employees of the firm or have an extended and stable working relationship with it.

(iv) Proposed professional staff must as a minimum, have the experience indicated in Appendix, preferably working under conditions similar to those prevailing in Kenya.

(v) Alternative professional staff shall not be proposed and only one Curriculum Vitae (CV) may be submitted for each position.
2.3.4 The Technical Proposal shall provide the following information using the attached Standard Forms;

(i) A brief description of the firm’s organization and an outline of recent experience on assignments of a similar nature. For each assignment the outline should indicate *inter alia*, the profiles of the staff proposed, duration of the assignment, contract amount and firm’s involvement.

(ii) Any comments or suggestions on the Terms of Reference, a list of services and facilities to be provided by the Client.

(iii) A description of the methodology and work plan for performing the assignment.

(iv) The list of the proposed staff team by specialty, the tasks that would be assigned to each staff team member and their timing.

(v) CVs recently signed by the proposed professional staff and the authorized representative submitting the proposal. Key information should include number of years working for the firm/entity and degree of responsibility held in various assignments during the last five (5) years.

(vi) Estimates of the total staff input (professional and support staff staff-time) needed to carry out the assignment supported by bar chart diagrams showing the time proposed for each professional staff team member.

(vii) A detailed description of the proposed methodology, staffing and monitoring of training, if Appendix “A” specifies training as a major component of the assignment.

(viii) Any additional information requested in Appendix “A”.

2.3.5 The Technical Proposal shall not include any financial information.

2.4 Preparation of Financial Proposal

2.4.1 In preparing the Financial Proposal, consultants are expected to take into account the requirements and conditions outlined in the RFP documents. The Financial Proposal should follow Standard Forms (Section D). It lists all costs associated with the assignment including; (a) remuneration for staff (in the field and at headquarters), and; (b) reimbursable expenses such as subsistence (per diem, housing), transportation (international and local, for mobilization and demobilization), services and equipment (vehicles, office equipment, furniture, and supplies), office rent, insurance,
printing of documents, surveys, and training, if it is a major component of the assignment. If appropriate these costs should be broken down by activity.

2.4.2 The Financial Proposal should clearly identify as a separate amount, the local taxes, duties, fees, levies and other charges imposed under the law on the consultants, the sub-consultants and their personnel, unless Appendix “A” specifies otherwise.

2.4.3 Consultants shall express the price of their services in Kenya Shillings.

2.4.4 Commissions and gratuities, if any, paid or to be paid by consultants and related to the assignment will be listed in the Financial Proposal submission Form.

2.4.5 The Proposal must remain valid for 90 days after the submission date. During this period, the consultant is expected to keep available, at his own cost, the professional staff proposed for the assignment. The Client will make his best effort to complete negotiations within this period. If the Client wishes to extend the validity period of the proposals, the consultants shall agree to the extension.

2.5 Submission, Receipt, and Opening of Proposals

2.5.1 The original proposal (Technical Proposal and, if required, Financial Proposal) shall be prepared in indelible ink. It shall contain no interlineation or overwriting, except as necessary to correct errors made by the firm itself. Any such corrections must be initialed by the persons or person authorized to sign the proposals.

2.5.2 For each proposal, the consultants shall prepare the number of copies indicated in Appendix “A”. Each Technical Proposal and Financial Proposal shall be marked “ORIGINAL” or “COPY” as appropriate. If there are any discrepancies between the original and the copies of the proposal, the original shall govern.

2.5.3 The original and all copies of the Technical Proposal shall be placed in a sealed envelope clearly marked “TECHNICAL PROPOSAL,” and the original and all copies of the Financial Proposal in a sealed envelope clearly marked “FINANCIAL PROPOSAL” and warning: “DO NOT OPEN WITH THE TECHNICAL PROPOSAL.” Both envelopes shall be placed into an outer envelope and sealed. This outer envelope shall bear the submission address and other information indicated in the Appendix “ITC” and be clearly marked, “DO NOT OPEN, EXCEPT IN PRESENCE OF THE OPENING COMMITTEE.”

2.5.4 The completed Technical and Financial Proposals must be delivered at the submission address on or before the time and date stated in the Appendix “ITC”. Any proposal received after the closing time for submission of proposals shall be returned to the respective consultant unopened.
2.5.5 After the deadline for submission of proposals, the Technical Proposal shall be opened immediately by the opening committee. The Financial Proposal shall remain sealed and deposited with a responsible officer of the client department up to the time for public opening of financial proposals.

2.6 Proposal Evaluation General

2.6.1 From the time the bids are opened to the time the Contract is awarded, if any consultant wishes to contact the Client on any matter related to his proposal, he should do so in writing at the address indicated in the Appendix “ITC”. Any effort by the firm to influence the Client in the proposal evaluation, proposal comparison or Contract award decisions may result in the rejection of the consultant’s proposal.

2.6.2 Evaluators of Technical Proposals shall have no access to the Financial Proposals until the technical evaluation is concluded.

2.7 Evaluation of Technical Proposal

Each responsive proposal will be given a technical score (St). A proposal shall be rejected at this stage if it does not respond to important aspects of the Terms of Reference or if it fails to achieve the minimum technical score indicated in the Appendix “ITC”.

### 2.8 Public Opening and Evaluation of Financial Proposal

2.8.1 After Technical Proposal evaluation, the Client shall notify those consultants whose proposals did not meet the minimum qualifying mark or were considered non-responsive to the RFP and Terms of Reference, indicating that their Financial Proposals will be returned after completing the selection process. The Client shall simultaneously notify the consultants who have secured the minimum qualifying mark, indicating the date and time set for opening the Financial Proposals and stating that the opening ceremony is open to those consultants who choose to attend. The opening date shall not be sooner than seven (7) days after the notification date. The notification may be sent by registered letter, cable, telex, facsimile or electronic mail.

2.8.2 The Financial Proposals shall be opened publicly in the presence of the consultants’ representatives who choose to attend. The name of the consultant, the technical. Scores and the proposed prices shall be read aloud and recorded when the Financial Proposals are opened. The Client shall prepare minutes of the public opening.

2.8.3 The evaluation committee will determine whether the financial proposals are complete (i.e. whether the consultant has cost all the items of the corresponding Technical Proposal and correct any computational errors. The cost of any unpriced items shall be assumed to be included in other costs in the proposal. In all cases, the total price of the Financial Proposal as submitted shall prevail.

2.8.4 While comparing proposal prices between local and foreign firms participating in a selection process in financial evaluation of Proposals, firms incorporated in Kenya where indigenous
Kenyans own 51% or more of the share capital shall be allowed a 10% preferential bias in proposal prices. However, there shall be no such preference in the technical evaluation of the tenders. Proof of local incorporation and citizenship shall be required before the provisions of this sub-clause are applied. Details of such proof shall be attached by the Consultant in the financial proposal.

2.8.5 The formulae for determining the Financial Score (Sf) shall, unless an alternative formulae is indicated in the Appendix “ITC”, be as follows:- $S_f = 100 \times \frac{F_m}{F}$ where $S_f$ is the financial score; $F_m$ is the lowest priced financial proposal and $F$ is the price of the proposal under consideration. Proposals will be ranked according to their combined technical ($S_t$) and financial ($S_f$) scores using the weights ($T$=the weight given to the Technical Proposal; $P$ = the weight given to the Financial Proposal; $T + P = I$) indicated in the Appendix. The combined technical and financial score, $S$, is calculated as follows:- $S = S_t \times T\% + S_f \times P\%$. The firm achieving the highest combined technical and financial score will be invited for negotiations.

2.8.6 The tender evaluation committee shall evaluate the tender within 30 days of from the date of opening the tender.

2.8.7 Contract price variations shall not be allowed for contracts not exceeding one year (12 months).

2.8.8 Where contract price variation is allowed, the variation shall not exceed 10% of the original contract price

2.8.9 Price variation requests shall be processed by the procuring entity within 30 days of receiving the request.

2.9 Negotiations

2.9.1 Negotiations will be held at the same address as “address to send information to the Client” indicated in the Appendix “ITC”. The aim is to reach agreement on all points and sign a contract.

2.9.2 Negotiations will include a discussion of the Technical Proposal, the proposed methodology (work plan), staffing and any suggestions made by the firm to improve the Terms of Reference. The Client and firm will then work out final Terms of Reference, staffing and bar charts indicating activities, staff periods in the field and in the head office, staff-months, logistics and reporting. The agreed work plan and final Terms of Reference will then be incorporated in the “Description of Services” and form part of the Contract. Special attention will be paid to getting the most the firm can offer within the available budget and to clearly defining the inputs required from the Client to ensure satisfactory implementation of the assignment.

2.9.3 Unless there are exceptional reasons, the financial negotiations will not involve the remuneration rates for staff (no breakdown of fees).

2.9.4 Having selected the firm on the basis of, among other things, an evaluation of proposed key professional staff, the Client expects to negotiate a contract on the basis of the experts named in the
proposal. Before contract negotiations, the Client will require assurances that the experts will be actually available. The Client will not consider substitutions during contract negotiations unless both parties agree that undue delay in the selection process makes such substitution unavoidable or that such changes are critical to meet the objectives of the assignment. If this is not the case and if it is established that key staff were offered in the proposal without confirming their availability, the firm may be disqualified.

2.9.5 The negotiations will conclude with a review of the draft form of the Contract. To complete negotiations the Client and the selected firm will initial the agreed Contract. If negotiations fail, the Client will invite the firm whose proposal received the second highest score to negotiate a contract.

2.9.6 The procuring entity shall appoint a team for the purpose of the negotiations.

2.10 Award of Contract

2.10.1 The Contract will be awarded following negotiations. After negotiations are completed, the Client will promptly notify other consultants on the shortlist that they were unsuccessful and return the Financial Proposals of those consultants who did not pass the technical evaluation.

2.10.2 The selected firm is expected to commence the assignment on the date and at the location specified in Appendix “A”.

2.10.3 The parties to the contract shall have it signed within 30 days from the date of notification of contract award unless there is an administrative review request.

2.10.4 The procuring entity may at any time terminate procurement proceedings before contract award and shall not be liable to any person for the termination.

2.10.5 The procuring entity shall give prompt notice of the termination to the tenderers and on request give its reasons for termination within 14 days of receiving the request from any tenderer.

2.10.6 To qualify for contract awards, the tenderer shall have the following:
   (a) Necessary qualifications, capability experience, services, equipment and facilities to provide what is being procured.
   (b) Legal capacity to enter into a contract for procurement
   (c) Shall not be insolvent, in receivership, bankrupt or in the process of being wound up and is not the subject of legal proceedings relating to the foregoing.
   (d) Shall not be debarred from participating in public procurement.
2.11 Confidentiality

2.11.1 Information relating to evaluation of proposals and recommendations concerning awards shall not be disclosed to the consultants who submitted the proposals or to other persons not officially concerned with the process, until the winning firm has been notified that it has been awarded the Contract.

2.12 Corrupt or fraudulent practices

2.12.1 The procuring entity requires that the consultants observe the highest standards of ethics during the selection and award of the consultancy contract and also during the performance of the assignment. The tenderer shall sign a declaration that he has not and will not be involved in corrupt or fraudulent practices.

2.12.2 The procuring entity will reject a proposal for award if it determines that the consultant recommended for award has engaged in corrupt or fraudulent practices in competing for the contract in question.

2.12.3 Further a consultant who is found to have indulged in corrupt or fraudulent practices risks being debarred from participating in public procurement in Kenya.
2.12 Appendix to Information to Consultants

The following information for procurement of consultancy services and selection of consultants shall complement or amend the provisions of the information to consultants, wherever there is a conflict between the provisions of the information and to consultants and the provisions of the appendix, the provisions of the appendix herein shall prevail over those of the information to consultants.

SECTION V: TERMS OF REFERENCE

5.1 Background Information

CONSULTANCY SERVICES TO UNDERTAKE FEASIBILITY STUDY ON SPECIAL ECONOMIC ZONES WITHIN MERU COUNTY

1.0 Introduction

Meru County is situated in the Eastern region of Kenya approximately 225 Kilometers northeast of Nairobi. It has grown to be a business hub serving the upper Eastern counties like Isiolo, Marsabit and Tharaka Nithi. In order to retain this position as the preferred Centre for doing business and investment the Meru County has embraced a new County Integrated Development Plan (CIDP) to improve the living standards of within the County. To inform the development and growth of the County, the Directorate of Trade has been mandated to come up with strategies, policies and projects that would spur economic growth and development. One of the project that has the capability of turning the County fortunes positively is the Development of Special Economic Zones as they have the capability of exploiting the existing resources; agricultural, economic and human resources.

It should be noted that growth and economic development requires astute and meritorious planning, which is only made possible by availability of data and information from the environment and sectors of concern. In the Vision 2030 and the recent Big Four as declared by the Jubilee administration and then cascaded down to Meru County Integrated Development Plan (CIDP), improved standards of living of the citizens of this Country and County is of paramount importance. Manufacturing one of the Big Four is known to contribute towards increased trade and industrialization. This is achievable or implementable through the setting up of Special Economic Zones; which will not only improve value addition but also create more jobs. SEZ have also been known for creation of supporting intermediate industries and transfer of technology. Thus to attain the goals spelt out in the CIDP, BIG FOUR, and VISION 2030 the Directorate finds it right to embark on a feasibility study on setting up Special Economic Zones.

In addition the feasibility study will go a long way in taking stock of what is present in the county and help in bridging any identified gaps towards a thriving, prosperous manufacturing sector and sustainable value chain processes in the agricultural, livestock, Juakali and service sectors. The feasibility study report is expected to provide an overview of the viability of the SEZ and the most optimal way of utilization of the available resources.

Objectives of the Feasibility Study

a) Establish economic and financial viability of the SEZ’s recommending options for their development and provide a plan to implement the most optimal type of SEZ.

b) Establish optimal utilization of the land for the intended economic purpose and in line with physical planning guidelines while also providing adequate, open green areas for arbor cover, vegetation and recreation.
c) Ensure development of the SEZ is consistent with market needs and is timed to satisfy demand to achieve acceptable occupancy levels

d) Support economically, socially and environmentally sustainable development of the SEZ through use of best available technology within Kenya.

2.0 Terms of Reference

The selected consulting firm shall:-

2.1. Key Deliverables

a) Undertake a baseline survey, assessment and review of existing local, regional and international trends in Special Economic Zones in relation to the proposed development (Situation Analysis incorporating both SWOT Analysis and PESTLE Analysis)

b) Undertake various proposed site investigations and profile the climatic and topographical conditions of the proposed sites while identifying the existing/planned infrastructural linkages/gaps, demographics, environmental considerations and suitability of the proposed site for the Special Economic Zones establishment

c) Identify and recommend potential industrial sectors and clusters for prioritization and prospective investors by broad industrial sector classification, name and proposed project activities for future targeting

d) Establish the projected demand for land (acreage), buildings (square meters), amenities and facilities, and for utilities (water, wastewater, solid-waste, electricity, telecommunications) for sustainable development of a Special Economic Zone

e) Establish the likely unique strategic advantages for the proposed Special Economic Zone together with its potential for backward and forward economic linkages:
   - Proposed competitive indicative pricing structure for land, buildings, amenities, facilities and services (utilities) to be provided at the proposed locations for setting up Special Economic Zone.
   - Develop a Project Business Case for the Special Economic Zone to include, among others:- Special Economic Zone management structure, human resource requirements, marketing plan and operation plan
   - Broad project costing, proposed project financing options and project development phasing plan to meet projected capacity requirements arising out of the study Economic analysis - estimate economic costs and benefits for the project in terms of rates of return on investment and net present value.
   - Financial analysis- estimate financial costs and benefits and evaluate financial viability

f) Undertake stakeholder mapping, engagements and public participation to identify, document and propose mitigation measures to address any likely Socioeconomic, Political and Environmental Impact/Risks of the proposed development.
